

Please be advised that supporting documentation uploaded for your CCP activity log between October 2017 and July 26, 2018 may be missing due to a website crash. When completing your 2019 renewal, please check your 2017/2018 activity logs for required documentation as per the [Documentation Guidelines for Learning Activities](#) and re-upload as necessary.

If you were audited in 2018 for the 2017 registration year and successfully passed, any missing documentation due to this website crash will not affect your audit status, however; we ask that you check for the documents and re-upload as necessary.

Please accept our apologies for any inconvenience this may cause and be assured that no personal information was lost or exposed to third-parties due to this website crash.
